- 1) Welcome to Advisory Board from Judge Joseph McCarville.
- 2) Motion to approve minutes from the last meeting by Cathy Nisly with a second motion by Keith Schroeder and all approve.
- 3) No old business to address.
- 4) New business – Randy Regehr
 - A. FY '21 Comp Plan Grant Application – The success rate goal for the year is 75% and Community Corrections is at approximately 66%. This last year there has been high turnover which has led to additional training, coaching, and higher caseloads for remaining staff. Groups will be restructured, and fewer will be offered which will hopefully bring focus back to the meetings between the ISO and clients.
 - B. FY '21 Behavioral Health Grant Application – Community Corrections is asking for less money to maintain groups. Voucher funds including client medication, drug evals, housing are primary expenses. Contractual personnel is a large portion of the grant.
 - C. Budget Adjustments – Community Corrections has already spent the year's budgeted amount on drug testing and will request an adjustment for the 3rd quarter. In the BH grant money will be moved from personnel and training to housing. Motion to approve budget adjustments via email rather than holding a meeting was made by Ray Hemman with a second motion by Elizabeth Allan and all approve.
 - D. Motion to approve all items by Keith Schroeder with a second motion by Erica Rivera and all approve.
- 5) No public comment to address.
- 6) No other business to address.
